

At Teversham Motors we operate a Clear System of Servicing. Below you can see exactly what we check on each of our fixed price menu services.

GREEN ITEMS
Have been actioned and are in satisfactory condition

AMBER ITEMS Some concerns registered. If not rectified, these items need monitoring to ensure safety and/or reliability and prevention of additional costs. Please see invoice report

RED ITEMS Require urgent attention. Please see invoice report.

The service carried out on your vehicle is the one listed on your invoice. Vehicle manufacturers service may not be the same as the items listed below.

The following items will be carried out on the relevant service.

- The condition of each item checked will be assessed and categorised Green, Amber or Red
- An 'Invoice Report' will be issued showing clearly any items that fall into the Red or Amber categories
- No additional work will be carried out without the customers authorisation

Description	INTERIM SERVICE	FULL SERVICE	MAJOR SERVICE	Green	Amber	Red
Check handbrake for operation and travel	•	•	•	•		
Check operation and condition of exterior lights	•	•	•	•		
Check horn	•	•	•	•		
Check seatbelts	•	•	•	•		
Check ABS warning lights for correct operation	•	•	•	•		
Check glow plug indicator (Diesel)	•	•	•	•		
Check for correct clutch operation	•	•	•	•		
Top up battery if applicable and check security and condition	•	•	•	•		
Check and top up brake and clutch fluid	•	•	•	•		
Check windscreen wipers	•	•	•	•		
Check screen washers operations and top up	•	•	•	•		
Check / top up power steering reservoir where applicable	•	•	•	•		
Check coolant / antifreeze strength and top up	•	•	•	•		
Check condition and tension of fan alternator belt and tighten if necessary	•	•	•	•		
Check condition, tension and adjust as required auxiliary drive belts (excluding timing / cam belt)	•	•	•	•		
Replace oil filter	•	•	•	•		
Drain engine oil and refill (special or synthetic oils subject to additional charge)	•	•	•	•		
Check and top up gearbox oil where applicable	•	•	•	•		
Check and top up axle oil where applicable	•	•	•	•		
Check and top up automatic transmission fluids where applicable	•	•	•	•		
Check for general oil leaks	•	•	•	•		
Check wheel bearings for play, noise or roughness when rotated	•	•	•	•		
Check steering / suspension components for wear and corrosion	•	•	•	•		
Check steering rack gaitors if applicable	•	•	•	•		
Check shock absorbers for operation	•	•	•	•		
Check propshaft / drive shaft and joints	•	•	•	•		
Check drive shaft gaitors for security and leaks	•	•	•	•		
Inspect exhaust system for leaks, security and noise	•	•	•	•		
Check tyre condition, tread depth and record readings (including spare)	•	•	•	•		
Check and adjust tyre pressures (including spare)	•	•	•	•		
Check wheels for correct balance (including spare)	•	•	•	•		
Set wheel nut torque to manufacturer's settings	•	•	•	•		
Reset vehicle service light where applicable	•	•	•	•		
Carry out battery test	•	•	•	•		
Check condition of fuel lines	•	•	•	•		
Check and report any body work damage	•	•	•	•		
Check doors, bonnet, boot and fuel filler open and close as designed	•	•	•	•		
Visual inspection ignition system or HT lead if applicable	•	•	•	•		
Check radiator for leaks	•	•	•	•		
Check condition of radiator cap	•	•	•	•		
Check coolant hoses for leaks and condition	•	•	•	•		
Remove front wheels and check discs for wear, cracks, corrosion and scoring	•	•	•	•		
Check brake pads for wear or damage	•	•	•	•		
Check calipers for leaks and operation	•	•	•	•		
Remove rear wheels and check discs / drums for wear, cracks, corrosion and scoring	•	•	•	•		
Visually check brake hydraulic system, pipes & hoses for leaks, chafing, corrosion and wear	•	•	•	•		
Check security of hand brake linkages, lubricate if applicable	•	•	•	•		
Test and report brake fluid boiling point (if applicable)	•	•	•	•		
Check brake shoes/pads for wear or damage	•	•	•	•		
Inspect wheel cylinders for leaks and operation	•	•	•	•		
Adjust handbrake if required	•	•	•	•		
Visual inspection of distributor cap if applicable	•	•	•	•		
Visual inspection of rotor arm if applicable	•	•	•	•		
Replace spark plugs if applicable (platinum, long life or multi electrode subject to extra charge)	•	•	•	•		
Replace air filter element	•	•	•	•		
Replace diesel fuel filter	•	•	•	•		
Check smoke emissions visually	•	•	•	•		
Lubricate throttle linkage if applicable	•	•	•	•		
Check electric cooling fan for operation where applicable	•	•	•	•		
Lubricate bonnet catch	•	•	•	•		
Lubricate accessible door / hinges if required	•	•	•	•		
Grease steering / suspension and propshaft if applicable	•	•	•	•		
Check fuel cap condition	•	•	•	•		
Check tyres for indication of steering or tracking misalignment	•	•	•	•		
Check security of hand brake linkages and travel, lubricate and adjust if required	•	•	•	•		
Check windscreen condition	•	•	•	•		
Check mirror condition exterior	•	•	•	•		
Check mirror condition interior	•	•	•	•		
Check number plates	•	•	•	•		
Check for timing / cam belt replacement (report if due)	•	•	•	•		
Check for cabin / pollen filter replacement (report if due)	•	•	•	•		
Replace brake fluid and bleed system	•	•	•	•		
Replace petrol fuel filter	•	•	•	•		
Drain out cooling systems and replace coolant / antifreeze	•	•	•	•		
Test starter motor for cranking operation and security	•	•	•	•		
Test alternator for charging operation and security	•	•	•	•		
Road test and report if necessary	•	•	•	•
